

Welcome to edition 204 of Speedway Australia's Speed eNews.

PLAN AHEAD!

It only takes a couple of minutes, devise a plan and travel safely.

With the devastation that has come from heavy down pours and flooding across QLD and NSW our thoughts are with all our affected competitors, crews, families, track operator's, officials and race fans.

Speedway will do what speedway does best.. Jump in, help our mates and lend a hand!

If you know someone who has been affected, give them a call/message and check in. A simple phone call can go a long way.

With many national and state titles on the horizon, competitors are still doing their best to attend races across the nation.

Please plan ahead if you are required to travel throughout these states. Check emergency service websites and avoid the affected areas. Don't take risks and don't attempt to cross through flood waters. Contact the track at which you are travelling to, ask if they have any local knowledge around affected areas and road closures.

We know everyone wants to attend the races, but we need to get EVERYONE there safely.

SHORT ON OFFICIALS?

If there's one thing that upsets us, its race events being cancelled for any reason other than inclement weather.

One such example of this, is when tracks cancel an event because they are unable to obtain a Chief Steward to preside over a particular division.

Under Speedway Australia rules and regulations, it is the responsibility of the divisional body to provide the Stewards and Scrutineers for their respective racing division. Speedway Australia is investing heavily in increasing the number of these Officials

nationwide. By reducing the costs of Officials licences, together with an online national training program, making it easier for Clubs and Divisions to engage new (and younger) people into becoming actively involved in our sport which removes the burden of travel and time away to conduct Race Officials training.

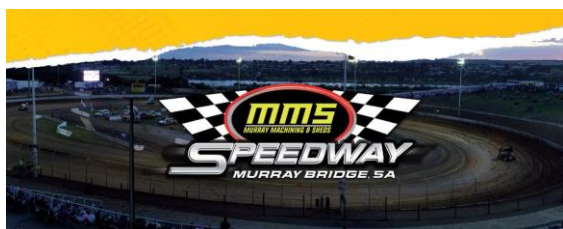

If you are in an Official and over the age of 40, consider an 'apprentice'. Your guidance could make all the difference and encourage more young people to get involved in motorsport administration.

AUSTRALIAN CHAMPIONSHIPS CONTINUE...
